HISTORY SYMPOSIUM

PORTUGUESE- AMERICAN DANCERS

How it all started

In 1948, Mary Moniz, a native of Madeira Island who believed in cultivating our Portuguese heritage and culture, offered her backyard to teach folkloric dances to the local Portuguese community. Learn how this group of dancers have continued through the years, and are still going strong, 70 years later.

The Symposium will consist of Portuguese Folklore displays, music from our legendary Point Loma Strings, Costumes, and Dances.
