Prayer for the Fishermen

Lord Jesus, Bless all our fishermen at sea. Bring them home safely. Bless the entire industry, those who serve also to protect the ocean and living creatures, which you have created since the beginning of time. Bless those families who suffer hardship due to the changes that have affected the tuna industry. And finally Lord, give eternal rest to those who have died and passed on to other shores. Bring peace and consolation to their families who still mourn their loss. Our Lady of Good Voyage, guide each of us to keep our eyes always focused on your son, that we may follow Him and be guided on the course e wishes for us. Loving God, we offer this prayer in the name of Jesus Christ who is our Savior. Amen
